 @Jeevan-Shetwe

 Jeevan Shetwe

SKILLS

- ❖ **BACK END DEVELOPMENT:** Java, node.js
- ❖ **FRONT END DEVELOPMENT:** HTML, CSS, JavaScript, React.js
- ❖ **MISCELLANEOUS:** Arduino, Raspberry Pi, Blockchain, MySQL
- ❖ **SOFT SKILLS:** Problem-solving, Team collaboration, Adaptability

EDUCATION

- ❖ Computer Science Engineering | Jain College of Engineering *CGPA: 7.7 | 2025*
- ❖ X (SSLC) | Oriental English Medium School *85.28% | 2017*
- ❖ XII | GSS PU College *84.50% | 2019*

EXPERIENCE

- ❖ **Intern – Full Stack Developer (Java) | Kodnest Pvt. Ltd.** Feb – May | 2025
Contributed to building and maintaining web applications using Java, Spring Boot, HTML/CSS, JavaScript, and MySQL. Worked on both front-end and back-end development, API integration, and debugging.

ACADEMIC PROJECTS

- ❖ **Amazon Web Page Clone Using HTML, CSS, Java, and JavaScript**
Built a responsive clone of Amazon's homepage interface using HTML, CSS, Java, and JavaScript, focusing on layout, user interaction, and front-end design elements.
- ❖ **Certificate Generation and Verification System Using Blockchain (MERN Stack)**
Developed a secure web application for issuing and verifying digital certificates using the MERN stack and blockchain integration to ensure data integrity and authenticity.
- ❖ **Flappy Bird Game Development Using Java**
Designed and implemented a GUI-based Flappy Bird clone in Java using object-oriented programming and event-driven logic to simulate real-time gameplay.

POSITION OF RESPONSIBILITY

- ❖ **Societal Internship | Komedcares**
Developed a Crop Guardian Tool using Python, Arduino, and Raspberry Pi to monitor plant health by collecting and analyzing environmental sensor data.

ACHIEVEMENTS / HOBBIES

- Cricket, Football, Athletics (State-level track events), Gaming
